What do I do if I cannot make it to my child's school enrollment days?

You can attend any other registration day at another school and your child's information will be sent to your child's school. School personnel will contact you to schedule an appointment for the Kindergarten readiness assessment.

### Why is it important for me to register my child now?

Students will be scheduled to take a Kindergarten readiness assessment prior to the start of the 2018-2019 school year. If your child is not registered for Kindergarten, then the assessment cannot be scheduled. In addition, by knowing how many Kindergarten students to expect, we can staff accordingly, and principals can begin putting class lists together for the coming school year. Students who are not registered are not included on those initial class lists.

### What kind of assessment will my child take?

Each child will be assessed using a Kindergarten readiness assessment. Parents will schedule an appointment for the assessment by school personnel during their assigned school enrollment days. This assessment will be administered by a certified teacher at each child's school. The assessment will take about 20 minutes. Parents will not sit with their child during the assessment.

### What are the requirements for admission to Kindergarten?

I.C. 20-33-2-7 establishes a statewide entrance eligibility date for public school Kindergarten and stipulates a student residing in Indiana be at least five (5) years of age on or before August 1<sup>st</sup> in order to enroll in public school Kindergarten.

### When will I be notified of my child's Kindergarten placement for 2018 2019?

You will receive information from your child's school the week before school starts that will include your child's placement for the 2018-2019 school year.
