

ABOUT eLearning Days

FTCSC will hold eLearning Days in the event of school closings due to inclement weather. In the future, FTCSC may also use Planned e-Learning Days. Planned e-Learning Days are days that occur regardless of weather.

WHY

SCHOOL CLOSINGS due to Inclement Weather

- The day eliminates make-up and added days at the end of the year.
- The day allows students to have continuous instruction in the event of inclement weather.
- It ensures the safety of all students and staff.

PLANNED FLEX DAYS

- The day allows students to continue their learning while teachers and administrators participate in professional development.

WHAT

Elementary (Kindergarten - 5th grade) students will access their eLearning lesson through Google Classroom. Secondary (6th grade - 12th grade) will access their eLearning lesson via Canvas Learning Management System.

HOW

Teachers will post lessons no later than 9:00 AM in Canvas (Secondary) and in Google Classroom (Elementary). These platforms allow teachers and students to interact online. Teachers will have office hours from 9:00 AM – 12:00 PM on inclement weather days and varying office hours on future planned eLearning Days.
